RE: **Price Sheet TF-22-C – November 4, 2022**

In response to a sudden and unexpected softening of prices for domestic carbon steel weld fittings, attached is our new price sheet TF-22-C.

TFA-22-C reverts to the list prices of our January 2022 price sheet for all products, except Caps, and represents approximately a 10% reduction in prices.

Should you have any questions, please contact our Customer Service Manager, Tammy Beeler.

Thank you for your continued support.
